GAPRS Document Retrieval service eliminates the hassles of public record research and retrieval by taking care of the many nuances that can come into play. Our researchers on the ground help you obtain your court documents in a timely fashion with expert knowledge of the court systems.

We bring the courts to your desktop! Receive your requested documents online via GAPRS website, as all documents are made available in PDF format for your convenience.

At G.A. Public Record Services, we take pride in our competitive pricing structures. With select jurisdictions starting out at \$3.50 per search, switch to GAPRS now and drastically slash your county level search fees.
